LA Watershed Protection folks is who I was thinking of. I'll see if we can get on a call with them.

**Subject:** Contacts for expediting permit process at Slauson Tanker Fire Site

Hi Jason,

We were discussing ways to expedite the permit process for the activities at the Slauson Tanker Fire site, and you had suggested contacting a few people. Can you pass that on?

Right now, the Grading (excavation) permit through the City of LA is probably going to be our biggest hurdle. AQMD will also need a permit, but I think I have that covered.

Cheers,

Ben Castellana, Ph.D.  
On-Scene Coordinator  
US EPA Region 9
